Docket No. 7748

Investigation into Green Mountain Power)
Corporation's 2011 Integrated Resource Plan)

Order entered: 9/21/2011

ORDER RE: MOTION TO INTERVENE

On August 19, 2011, Vermont Energy Investment Corporation ("VEIC") filed a motion to intervene in this Docket. No comments were received regarding VEIC's intervention request.

As of December 20, 2010, the Vermont Public Service Board granted VEIC an Order of Appointment to serve as a Vermont Energy Efficiency Utility ("EEU") through December 31, 2021.¹ As a Vermont EEU, VEIC has a substantial interest in ensuring that it has sufficient capabilities to provide support for electric utilities' distribution and transmission planning processes and in ensuring the accuracy of the estimated energy-efficiency-related savings and costs included in Green Mountain Power Corporation's 2011 Integrated Resource Plan. Therefore, I grant VEIC permissive intervention pursuant to Board Rule 2.209(B), limited to the interests identified in its motion.

SO ORDERED.

1. *Investigation into Petition Filed by Vermont Department of Public Service Re: EEU Structure*, Docket 7466, Order of 12/20/10.

Dated at Montpelier, Vermont, this 21st day of September, 2011.
